

**Wicklow Rural Transport** is a new kind of public transport service for those living in the rural areas of South and West Wicklow. It is a bus service, which allows people to be collected at their door where possible.

**How do I use the service?**

In order to get the bus to stop at your house, it is necessary to make a booking by phoning the bus operator the day before travel. The earlier you book the more likely you are to secure a place.

**A service for all...**

The timetable allows you to make connections with other bus services. Anyone can use Wicklow Rural Transport, residents and visitors alike. For further information suggestions or comments please contact Breda Whelan on: 0404-46977
